French — native

English — professional working
proficiency

Adrien Michaud

.NET & Full Stack Developer

PROFILE

I build web and mobile applications in .NET for Swiss public institutions — Blazor on the web, .NET MAUI on mobile. I built the registration system for the canton of Neuchâtel's electronic voting (more than 7,100 registrations); I maintain and improve the GuMobile app (~ 35,000 downloads) and the FreeWifi platform, several thousand connections across some 300 access points.

EXPERIENCE

Arcantel SA · Software Developer

March 2024 — present · Neuchâtel, Switzerland

Web and mobile applications for the Neuchâtel public IT service (SIEN), the public transport operator TransN and the Court of Arbitration for Sport.

- Citizen registration services for cantonal electronic voting — more than 7,100 registrations since they opened in June 2026.
- Street harassment reporting platform, delivered for the Neuchâtel Police.
- SwissID and AGOV sign-in in the Guichet Unique mobile app (~ 35,000 downloads), through an OpenID Connect identity federation server.
- TAS/CAS jurisprudence platform in .NET and Angular; blockchain governance experiments with NEDAO.

ESPRI Digital · Back End Developer (internship)

April — July 2022 · Argentan, France

A database backup service for containerised workloads running on Kubernetes.

Axeo System · Full Stack Developer (two internships)

2020 — 2022 · Lyon, France

July–December 2020: Vue.js components and a full-text search over Elasticsearch.
September 2021 – March 2022: redesign of the Mutuelle Générale de Prévoyance site in Vue.js, and rework of parts of its PHP API.

EDUCATION

EPITECH — European Institute of Technology

September 2019 — August 2024 · France

Expert in Information Technology, software development. Grande École programme, a five-year curriculum.

Dublin City University

September 2022 — May 2023 · Dublin, Ireland

Faculty of Engineering and Computing. Fourth year of study, completed on exchange.

OTHER

ESN Neuchâtel · Active member (volunteer)

September 2024 — present · Neuchâtel, Switzerland

I help international students find their feet in Switzerland: organising events, and lending a hand with the practical side of moving to a new country.
